

TechCorro™ [E] Foam Emitters – Usage Data

Description

A specially produced foam that is designed to hold a very large amount of VCI to provide excellent protection.

Method of providing protection

Products sealed inside an enclosure with these TechCorro™ [E] VCI Emitters are offered protection from moisture and/or other harmful elements by the proprietary VCI technology held in abundance within the designed foam.

Uses

Corrosion protection for items in switchgear panels, fuse boxes, telecommunication equipment, medical equipment, electrical panels and similar. The larger emitters can be used to provide extra VCI to packs where there is a significant amount of metal surface e.g. heat exchangers or very large packs of small metal components; or just where more VCI is required

Supply formats

Type	Size (Inches)		Size (mm)		Protected volume (cu.ft)	Protected volume (cu.m)	Example
E007	1	1	25.4	25.4	0.25	0.0071	A cube with sides 19.2 (cms)
E028	2	5	50.8	127.0	1.00	0.0283	A cube with sides 30.5 (cms)
E227	10	10	254.0	254.0	8.00	0.2265	A cube with sides 61.0 (cms)

Technical data

Our technical staff will assist you in determining what size of emitter or how many emitters will be required for a particular application

Product handling and storage

If material is stored in normal warehouse conditions in its original packaging its shelf-life is in excess of 3 years

Corrosion preventive packaging from Technology Packaging

Technology Packaging provide a full range of best-fit products aimed at making sure our customers goods arrive in pristine condition at the lowest cost. Please see final page for details of our product ranges.

Skilled technicians are constantly reviewing & developing new products that are often customer led

**TechCorro™ [BF]
barrier foil**

Bags
Rolls
Sheets

All these products are supplied with or without VCI

**TechCorro™ [B]
boards**

Corrugated paper
Cartons and boards
Chips

All these products are supplied with or without VCI

**TechCorro™ [D]
desiccant**

Various desiccant types in bags
Bulk
Desiccant with VCI

**TechCorro™ [E]
emitters**

VCI Foams
VCI Devices

**TechCorro™ [EQ]
equipment**

A comprehensive range of items including:- handling equipment, heat sealing tools packing benches, packing cases/containers and more.

**TechCorro™ [F]
films**

Polyethylene films
Stretch films
Shrink films
Laminated film products
Bubble films

All these products are supplied with or without VCI

**TechCorro™ [FL]
fluids**

Oil based
Water based
VOC free and more...

All these products are supplied with or without VCI

**TechCorro™ [P]
papers**

Flat papers
Creped papers
PE Coated papers
Reinforced papers
Laminated paper products

All these products are supplied with or without VCI

**TechCorro™ [PL]
plastics**

Plastic items with or without VCI such as:- netting, corrugated plastic [PlastCorro™], wire and more...
