

TechCorro™[F] SEA FILM™- Outdoor Storage Solutions

Developed for the harsh environments of South East Asia

Corrosion inhibiting heavy duty film for the protection of multiple metals in outdoor storage environments. SEA™ film was developed for outdoor storage or extremely demanding applications, such as those found in Southeast Asia.

Method of providing protection

The product utilises premium ingredients and advanced engineering with three engineered layers of film to provide 1) safe corrosion inhibition utilising Technology Packaging's proprietary Vapour and Contact Inhibitor (VCI) formulation, 2) excellent barrier properties and 3) ultra violet (UV) inhibition both in the form of a UV additive and in film colour. The UV inhibitor is designed for up to 2 years.

Uses & Applications

- Multi-metal protection
- Ideal for outdoor storage requirements
- Provides ultimate protection for harsh overseas export shipments
- Available in bags, covers and bespoke sizes and colours
- Can be made with grommets, draw-strings or other custom requirements
- Utilizes advanced film construction making it as durable as reinforced films
- VCI positioned only where you need it-on the inside of the film
- Available in multiple gauges for required film strength (typically 7+ mil)
- Moisture resistance and a barrier against contaminants
- Formulation is non-toxic, environmentally friendly and recyclable

Product handling and storage

If the material is stored in normal warehouse conditions its shelf-life is in excess of 5 years.

This information is based on existing knowledge and it is not binding. No legal claims can be derived from it.

Distributors throughout Europe

TechCorro™ [BF]
barrier foils

Bags
Rolls
Sheets

All these products
are supplied with or
without VCI

TechCorro™ [B]
boards

Corrugated paper
Cartons and boards
Chips

All these products
are supplied with or
without VCI

TechCorro™ [D]
desiccants

Various desiccant types
In bags
Bulk

TechCorro™ [E]
emitters

VCI Foams
VCI Devices

TechCorro™ [EQ]
equipment

A comprehensive range of items including:-
handling equipment, heat sealing tools
packing benches, packing cases/containers
and more.

TechCorro™ [F]
films

Polyethylene films
Stretch films
Shrink films
Laminated film products
Bubble films

All these products
are supplied with or
without VCI

TechCorro™ [FL]
fluids

Oil based
Water based
VOC free and more...

All these products
are supplied with or
without VCI

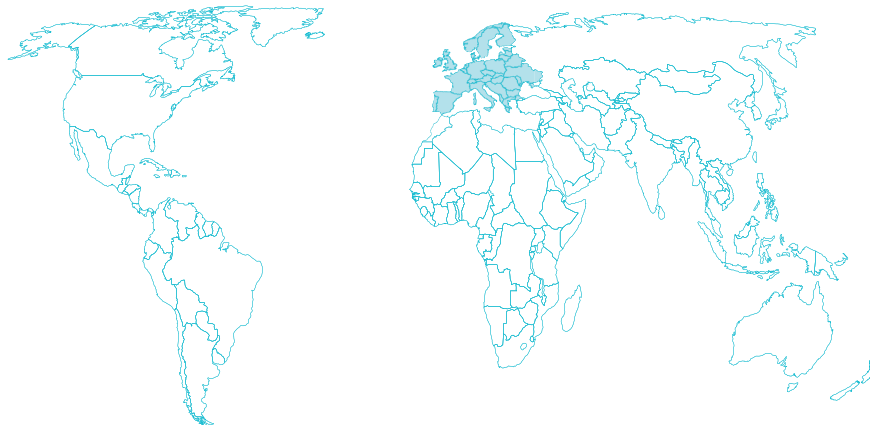

TechCorro™ [P]
papers

Flat papers
Creped papers
PE Coated papers
Reinforced papers
Laminated paper products

All these products
are supplied with or
without VCI

TechCorro™ [PL]
plastics

Plastic items with or without VCI such as:-
netting, corrugated sheets, wire and more...
