

## TechCorro™ [FL] range of Liquid Corrosion Inhibitors

### TechCorro™ [FL] 100

A very thin, high quality, versatile oil providing excellent water-displacing and short-term unpacked or longer-term packed corrosion protection. It is ideal in a dip-tank at the end of a washing cycle or for the export/storage of machinery. Meets MoD and NATO requirements.

### TechCorro™ [FL] 110

A liquid highly resistant to acid fumes that is also water-displacing. Typical use in dip-tanks following the pickling and washing of steel.

### TechCorro™ [FL] 120

Similar to TechCorro™ [FL] 100 but it provides a thin, touch-dry, non-oily film that is an alternative to the standard TechCorro™ [FL] 100 finish.

### TechCorro™ [FL] 130MPI

Similar to TechCorro™ [FL] 100 but it gives added protection for non-ferrous metals such as electrical equipment and multi-metal assemblies.

### TechCorro™ [FL] 200

A thin and very high quality, general-purpose product that provides medium-term unpacked and long-term packed protection. Water-displacing with good 'creep' characteristics allows the film to reach remote and inaccessible areas.

### TechCorro™ [FL] 400

A very thick grease-like gel that will provide very long-term corrosion protection for equipment stored outside.

### TechCorro™ [FL] 700VCI

A liquid containing VCI and other inhibitors to give simple and effective corrosion prevention in enclosed areas such as engines, gearboxes, fuel tanks, hydraulic systems, etc. Generally no removal is required as it is compatible with most lubricants, petrol and diesel.

### TechCorro™ [FL] 800VCI

Operates in a similar way to TechCorro™ [FL] 700VCI but uses water in place of oil. It can therefore be used in water-based systems such as boilers.

## Other TechCorro™ products

In addition to this range of special liquids, Technology Packaging provides Volatile Corrosion Inhibitors (VCIs) in films, papers, including boards, PE coated materials, chips, plastic, powders and a large number of special-purpose laminates. Skilled technicians are constantly reviewing and developing new products that are most often customer led.

This information is based on existing knowledge and it is not binding. No legal claims can be derived from it.

**Distributors throughout Europe**

**TechCorro™ [BF]**  
barrier foils

Bags  
Rolls  
Sheets

All these products are supplied with or without VCI

**TechCorro™ [B]**  
boards

Corrugated paper  
Cartons and boards  
Chips

All these products are supplied with or without VCI

**TechCorro™ [D]**  
desiccants

Various desiccant types  
In bags  
Bulk

**TechCorro™ [E]**  
emitters

VCI Foams  
VCI Devices

**TechCorro™ [EQ]**  
equipment

A comprehensive range of items including:-  
handling equipment, heat sealing tools  
packing benches, packing cases/containers  
and more.

**TechCorro™ [F]**  
films

Polyethylene films  
Stretch films  
Shrink films  
Laminated film products  
Bubble films

All these products are supplied with or without VCI

**TechCorro™ [FL]**  
fluids

Oil based  
Water based  
VOC free and more...

All these products are supplied with or without VCI

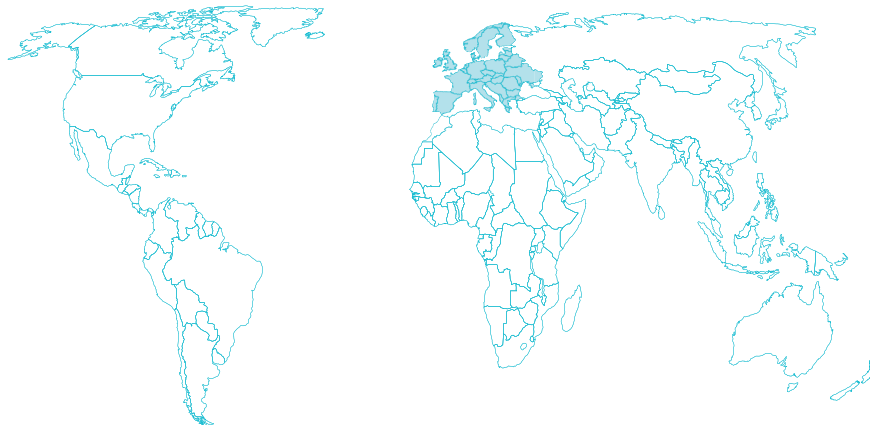

**TechCorro™ [P]**  
papers

Flat papers  
Creped papers  
PE Coated papers  
Reinforced papers  
Laminated paper products

All these products are supplied with or without VCI

**TechCorro™ [PL]**  
plastics

Plastic items with or without VCI such as:-  
netting, corrugated sheets, wire and more...
